

MARCO ECO T10 BOILER (TAP)

Pouring perfection.
The coffee machine sidekick.

FEATURES + BENEFITS

- Unrivalled efficiency – not only is the Marco Tap Boiler one of the market's most efficient atmospheric water delivery systems, it boasts best-in-class energy efficiency.
- Water, however much you need – the boiler's compact footprint and constant supply means it can supplement your coffee offer and fit seamlessly on-counter.
- Quality, litre after litre – when a boiler's this easy to use, descale and service, it's no surprise it delivers consistent quality.
- Key features – plumbed into mains supply and made with over 95% recyclable materials.

KEY STATISTICS

- | **Immediate draw off (litres):** 10
